## Project 2020-04 Modifications to CIP-012

**Supplemental Nomination Period Open through February 2, 2023**

### **Now Available**

Additional nominations are being sought for **Project 2020-04 Modifications to CIP-012** standard drafting team members through **8 p.m. Eastern, Thursday, February 2, 2023**.

Use the [electronic form](#) to submit a nomination. Contact [Linda Jenkins](#) regarding issues using the electronic form. An unofficial Word version of the nomination form is posted on the [Standard Drafting Team Vacancies](#) page and the [project page](#).

By submitting a nomination form, you are indicating your willingness and agreement to actively participate in face-to-face meetings and conference calls.

The time commitment for this project is expected to be up to two conference calls scheduled weekly or as needed to meet the agreed-upon timeline the review or drafting team sets forth. The team will discuss a face-to-face meeting if needed. Outside the scheduled meetings, individuals or subgroups will have additional preparation and support work such as researching and developing proposed concepts, reviewing proposals, compiling comments and drafting responses, etc. Lastly, an important component of the review and drafting team effort is outreach. Members of the team will be expected to conduct industry outreach during the development process to support a successful project outcome.

Previous drafting or review team experience is beneficial, but not required. See the project page and nomination form for additional information.

### **Next Steps**

The Standards Committee is expected to appoint members to the standard drafting team in February 2023. Nominees will be notified shortly after they have been appointed.

For more information on the Standards Development Process, refer to the [Standard Processes Manual](#).
